

The Principal  
Rawal Institute of Health Sciences

Subject: Approval from the Ethical Review Board

Sir

With due respect it is stated that I want to collect data from the students of first year and second year MBBS regarding their learning styles for the study "**Identification of Learning styles of the MBBS students of Conventional system and Modular system**".

The data collection will include a Questionnaire proforma based on Kolb's Learning Style Inventory.

The data collection for the learning styles of the MBBS students of the conventional system will be carried out in Rawal Institute of Health Sciences and for the MBBS students of modular system the data will be obtained from Islamic International Medical College.

Thanking you.

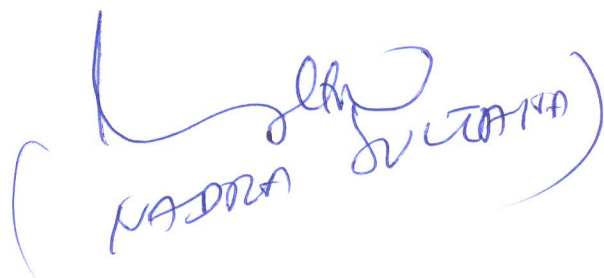

Date: 29.10.13

Yours Obediently
